FOX, FREDERIC E.: Records, 1953-61

Pre-Accession

The records of Frederic E. Fox, minister, and Special Assistant in the White House, were deposited in the Eisenhower Library in January, 1961, along with other records received from the White House. The file is considered a part of President Eisenhower's papers and are covered by the letter of gift of Dwight D. Eisenhower to Franklin Floete dated April 13, 1960.

Linear feet shelf space occupied: 20
Approximate number of pages: 35,200
Approximate number of items: 17,600

Literary rights in the papers have passed to the United States as indicated in President Eisenhower's letter dated April 13, 1960.

As indicated in President Eisenhower's letter of April 13, 1960, the following classes of documents will be withheld from research use:

1. Papers that are security-classified pursuant to law or Executive Order, until such classification shall be removed.
2. Papers the use of which may be prejudicial to the maintenance of good relations with foreign nations.
3. Papers containing statements made by or to me in confidence.
4. Papers relating to my family on private business affairs, and papers relating to the families or private business affairs of persons who have had correspondence with me.
5. Papers containing statements about individuals which might be used to injure or harass them or members of their families.
6. Such other individual files as I, or my representative, or the Administrator of General Services may specify.

SCOPE AND CONTENT NOTE

The papers of Frederic E. Fox span the years 1956 to 1961, with a few isolated items before 1956. These items, dated before 1956, apparently were collected for information purposes.

All of this file concerns messages that Fox sent on behalf of the Administration to various organizations throughout the country. They concern Mr. Fox's duties relating to who received presidential messages and visits, congratulations on anniversaries, birthdays, Christmas greetings, organizational meetings, and conventions. Also there is a small number of memoranda between members of the staff concerning special instances of messages that weren't covered in the policy regarding presidential messages. Also, a small number of memoranda discussing the advisability of sending certain presidential messages. The messages in this file are copies of the original. There is also a small collection of speeches and news releases of the President.

A container list is available.
